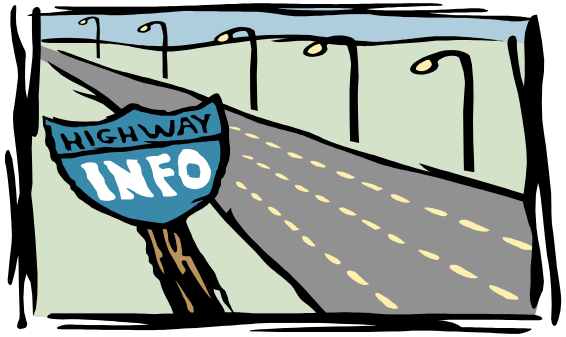
- Annual Reviews
- Updating AR 710 – 1 Chapter 6
- Holding Accounts
- Financial Status



Integrated Data Base

- Integrated Data Base and Data Base Integrity
  - ✓ Total Asset Visibility a Logistics Common Operation Picture (LCOP) concept
  - ✓ One organization where all data is sent to for input and updating the instant items are received or issued
  - ✓ Network connectivity and access ability
  - ✓ An integrated tracking system that shows to what command OPROJ items were issued and reason for issue

Annual Reviews

- Annual Reviews
  - ✓ Where are the obstacles and road blocks?
  - ✓ Tracking and updating system in a timely manner
  - ✓ Responsibility

AR 710-1

- Updating AR 710 – 1
  - ✓ What happens to an OPROJ once it has been called forward for its intended purpose?
  - ✓ What becomes of left over items in an OPROJ that have been called forward, but not fully utilized?
  - ✓ Should OPROJ be reset/reconstituted or canceled once conflict ends?

Holding Accounts

- Establishment of new holding accounts
  - ✓ Storage of supplies returning from SWA
  - ✓ Updating guidance for managing these accounts
  - ✓ Funding
